

Merchandising Solutions

2 DAY PART patents pending worldwide

The Rollerboard™ is a manually operated two-sided Merchandising System.

Double Sided Indoor Merchandising Systems

BENEFITS

Our successful Rollerboard™ Merchandising System allows for rapid change of product images by rotating merchandising displays. The Rollerboard™ Merchandising System is internally illuminated with fluorescent tubes, providing maximum illumination and picture clarity. Mounting rail can be ceiling or wall mounted. Other benefits include:

- Ease of operation
- Limited moving parts
- Very low maintenance with rapid fluorescent tube access
- Easy and fast translite change with hinged magnetic trim
- Effective and safe translite retention
- Flexible re-positioning of translite divider with each Rollerboard™ module
- Can be fitted to bulkhead or ceiling
- Automatic re-positioning following rotation
- Includes a new design slimline appearance
- Designed specifically to exclude loose parts

SPECIFICATIONS

The Coates Signco Rollerboard™ is available in three sizes:

- Single module (accommodating one single translite):
A. 572mm (W) x 595 (H) B. 713mm (W) x 660mm (H)
- Double module (accommodating translite configurations of one double or two single translites):
A. 1163mm (W) x 595 (H) B. 1095mm (W) x 660mm (H)
- Quad module (accommodating up to four translites):
1660 mm (W) x 680 (H)

Rollerboard™ gives you the option of a wall mount or a ceiling mount configurations. The Rollerboard™ units are electrically wired for 220v - 240v, 50Hz as standard. 110v wiring and or special electrical requirements are also available.

TRANSLITE SIZES

For best result we recommend satin finish translites to be used. The Coates Signco Rollerboard™ accommodates translite sizes:

- Single: 555 x 555mm (21.85 x 21.85") allow + 1mm-3mm tolerance
- Double: 555 x 1150mm (21.85 x 45.276") allow + 1mm-3mm tolerance
- Preferred translite thickness is 0.3mm (0.0188")

Rapid translite insertion

Flexible re-positioning of translite divider

Simple fluorescent tube access
